**Eczema All Over Baby's Body.**  
When my baby was four months old his face broke out with eczema, and at sixteen months of age, his face, hands and arms were in a dreadful state. The eczema spread all over his body. We had to put a mask or cloth over his face and tie up his hands. Finally we gave him Hood's Sarsaparilla and in a few months he was entirely cured. Today he is a healthy boy. Mrs. Inez Lewis, Barre, Maine. Hood's Sarsaparilla cures blood diseases and builds up the system. Get it today in usual liquid form or chocolate tablets called Sarsatabs.

**GAS, HEARTBURN AND DYSPEPSIA VANISH**

**A Little Diapiesin Now Will Settle Your Out-of-order Stomach and End All Indigestion Five Minutes Later.**

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diapiesin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes belching, dizziness, a feeling of fullness after eating, nausea, indigestion (like a lump of lead in stomach), biliousness, heartburn, water brash, pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapiesin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Diapiesin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want, without the slightest discomfort or misery, and every particle of impurity and gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.

**GIANTS VICTORIOUS OVER HIGHLANDERS**

**Mathewson Again a Winning Pitcher, Although He Was Hit Hard—American Leaguers Were Shaky in the Field.**

New York, Oct. 22.—The baseball championship of Manhattan was won by the New York National league team over the American leaguers yesterday afternoon, by the score of 8 to 3, making the series stand as follows: Four victories for the Nationals, two for the Americans and one tie. The Highlanders hit Christy Mathewson hard, but the great pitcher kept the hits well scattered. Warhop and Ford officiated for the losers and were not very effective, while the team back of them played a loose game in the field.

The Giants broke up the game in the third inning, when with two men on bases Devine slammed out a home run. It was the feature hit of the game, as it was of the series. The score:—

**THE COLONEL IN BOSTON**

**Roosevelt Speaks at Monster Rally**

**FOR REPUBLICAN TICKET**

**Defends Republican Tariff Policy and Commends Proposed Tariff Commission—Present Tariff-making System Unsatisfactory.**

Boston, Oct. 22.—Theodore Roosevelt spoke at a big Republican rally last night and scored the Democracy for its attitude toward the protective tariff, incidentally urging the re-election of Governor Eben S. Draper and the other candidates on the Republican ticket.

When the colonel arrived at the arena where the rally was held, he found awaiting him a crowd that thronged the great building. Thousands of persons unable to gain admittance, blocked the street outside. As Colonel Roosevelt mounted the platform the people rose from their seats and cheered loudly, and the colonel smiled.

Ex-Governor John L. Bates spoke followed by Governor Draper, who asked for the suffrage of the people, "on the record the Republican legislature had made and my record as governor."

Senator Crane, who was on the platform, spoke, and then Senator Lodge spoke. He was applauded for saying that the Republicans of Massachusetts never had any bosses.

There was another wild outburst of applause when Mr. Bates introduced Colonel Roosevelt. "I cannot claim any merit for coming here," said Colonel Roosevelt, "for I have for many years come to Massachusetts, not to give strength, but to get it."

"The opponents of Governor Draper have said that the tariff is an issue in this campaign," he continued. "All I ask is that the voters compare the attitude of the two parties in regard to the tariff. On the Republican side there is no difference as to the principle to be observed. In every state the Republicans are a unit in the Republican platform that there shall be an equalization of the cost of production here and abroad. The difference has merely been as to the way of achieving the common purpose and more and more we are coming into complete harmony as to the method to be adopted."

"Our opponents have no such harmony. They know that if they had a majority in Congress and tried to build up a tariff they would do as they have done. They would build up a protective tariff, not as a matter of principle, but as a matter of favoritism."

The colonel then read and commended the tariff plank in the Massachusetts Republican platform which endorses the plan for a tariff board. He said President Taft, by working for the tariff board and for satisfactory tariff relations with foreign countries, had pointed out the way which the party was to follow.

"Experience has shown that the present system of tariff making is unsatisfactory," the colonel continued. "Our principles were right in the past. We propose to adopt methods which shall guarantee the principles being carried out with justice and equity."

"Our opponents say that as our principle is just and our methods incorrect we'll adhere to the methods and oppose the principle. That is a perfectly just and scientifically correct description of the difference between the attitude of ourselves and our opponents."

Colonel Roosevelt then spoke of the leadership of the Democratic party by William B. Bryan and Alton B. Parker. "Mr. Bryan went on the lecture platform," he said, "and Mr. Parker became attorney for the sugar trust. He was attorney for the sugar trust when Henry L. Stimson, now Republican candidate for governor of New York, was prosecuting it for rebating. Mr. Stimson recovered \$170,000 despite efforts of Mr. Parker, and Mr. Parker now takes a jaundiced view of Mr. Stimson as counsel for the government."

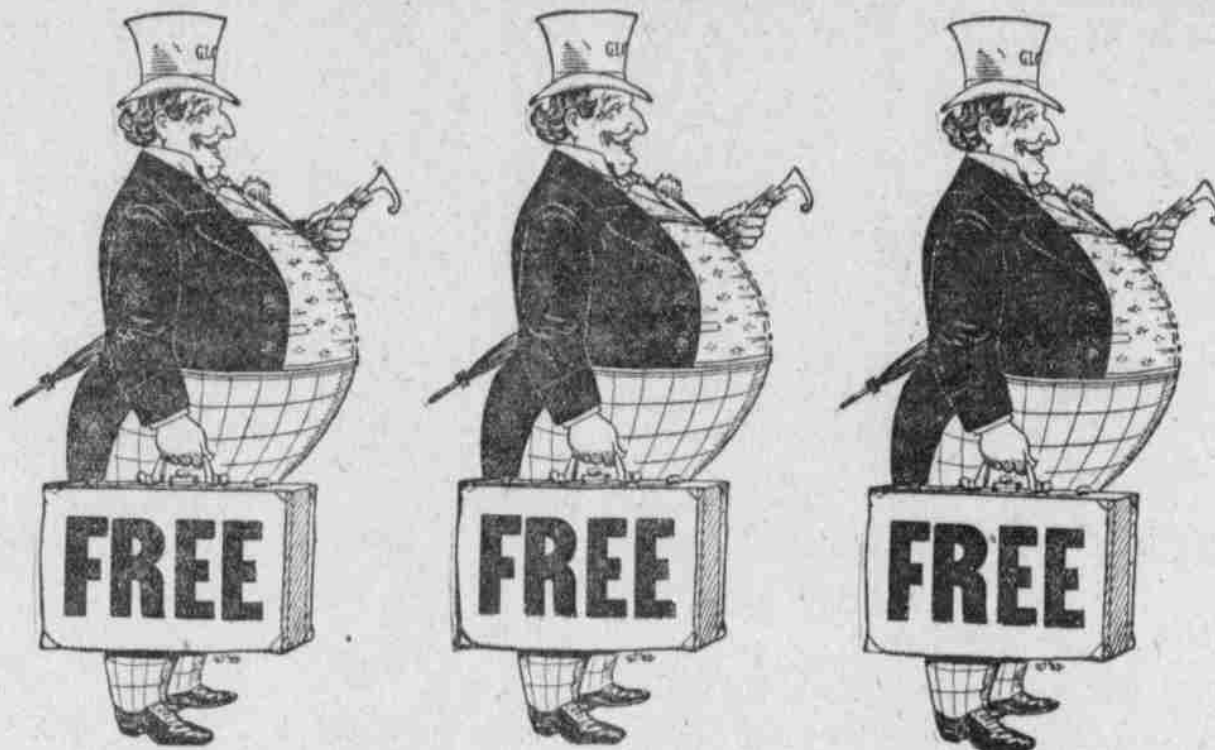

The colonel then went on to describe the Democratic state convention in New York, repeating the assertion which he made in his campaign speeches in New York, that it was dominated by Charles E. Murphy, leader of Tammany hall.

Colonel Roosevelt declared it would be a calamity to the nation if Senator Henry Cabot Lodge should fail of re-election. He denounced Eugene Foss, Democratic candidate for governor, as a man who sought to raise himself in public life by means of the power of money. He praised Governor Draper and said that Massachusetts really was a progressive state.

**UP-STATE WITH ROOSEVELT.**

**Chairman Prentice Finds Solid Sentiment.**

New York, Oct. 22.—"The country districts are solidly with Roosevelt," said Chairman Prentice of the Republican state committee yesterday, "and the opposition to him in the cities is much less than I expected to find. If we do fairly well up-state, we are absolutely safe. For we are going to get a big vote in New York City. And now they tell me they are going to do better up-state than they did two years ago." Mr. Prentice returned yesterday, brimming with optimism from a two-day trip devoted to conferences with Republican leaders from Albany to Buffalo. "Some of the people I talked with up-state," said Mr. Prentice, "said Mr. Roosevelt was a little wild, perhaps, and some of them wished he'd do things in a different way, but on the main propositions they were with him. This anti-Roosevelt sentiment is limited to what is called the 'Wall street crowd,' and as a voting proposition it doesn't amount to much. The Democrats haven't a leg to stand on unless they can make people believe this foolish idea that Roosevelt wants to be dictator. Nobody I met up-state believed Roosevelt wants another nomination or could get it if he did. These people have been following Stimson's speeches. They are afraid of Tammany. Mr. Dix's inconsistency on the tariff and his failure to answer questions on the issues has hurt him."

**SIX BREAKS SAME NIGHT.**

**Bank, Post Office and Four Stores in Amherst Robbed.**

Amherst, Mass., Oct. 22.—Taking advantage of the absence from town of Amherst's only night policeman, burglars broke into the National bank, the post office and four stores some time during Thursday night. The breaks were not discovered until yesterday. Altogether the thieves got about \$200 in cash and merchandise estimated to be worth \$100.

With the exception of the post office, all the places were side by side on Merchants row. The post office is on the opposite side of the street.

The burglars did not use explosives and were unable to open the bank vault. About \$25 in change was taken from various drawers in the desks in the banking rooms. The safe of A. B. Campbell's clothing store was opened and a small sum taken as well as a number of rain coats.

Sixty dollars in cash and some merchandise were taken from the dry goods store of Jackson & O'Brien, while small sums and small quantities of merchandise were stolen from the Pickwick clothing store, and the hardware store of the Mutual Plumbing & Heating company.

**Governor Thinks Letter Regarding Rate Suit Candid and Fair.**

Concord, N. H., Oct. 22.—In answer to the letter recently sent to Gov. Quinby by President Mellen of the Boston & Maine, announcing that the road would not further contest the rate suit now pending against it in this state, Gov. Quinby Thursday wrote to President Mellen that he regarded his statement of the position of the Boston & Maine in this matter as "absolutely candid and fair."

"Your statement of the position of the Boston & Maine railroad corporation concerning the rate suit now pending in this state I regard as absolutely candid and fair, and I believe the people of New Hampshire will be ready to meet you in the same spirit and agree to any equitable adjustment which will conduct to the prosperity of both state and corporation, and make clear the way for advantages which must accrue to our state from the action your corporation has recently taken for the improvement of its physical condition and equipment."

**TAX ASSESSOR FOUND GUILTY.**

**Daniel B. Shaughnessy of Cambridge Is Sentenced to Jail for Larceny.**

Cambridge, Mass., Oct. 22.—Convicted of official dishonesty, Daniel Shaughnessy, sr., for nine years one of the principal assessors of Cambridge, was yesterday sentenced to eight months in the house of correction by Judge Amy of the district court. Shaughnessy appealed and was held in \$500 for the superior court.

Shaughnessy was convicted on four counts charging larceny of \$152, and was given two months on each count. It is alleged that he took money from women taxpayers for abatements and converted it to his own use.

His conviction was the result of an investigation begun by the Taxpayers' association into the conduct of affairs at city hall.

Shaughnessy is 66 years old.

**The Great Pitcher Says He Is Tired of His Job.**

Chicago, Oct. 22.—Orval Overall, who has been one of the Chicago Nationals' star pitchers for several seasons, announced Thursday night that he had pitched his last big league game.

"I don't mean that I won't work again in this series," said Overall. "I will if Chance asks me to, but I won't be a pitcher on the Cub team or any other club next year. I am not going to quit because of anything that has happened in this series or at any time this season. I am just tired of the job and I don't want any more of it."

"I like baseball and would be glad to play any other position. If some one will try me as an outfielder, a catcher or a first baseman, I may decide to stick to the game awhile longer."

Paris, Oct. 22.—Basing its conclusions upon what it terms "an impartial inquiry as to the chances for a republic in Spain," the Matin finds that two events are liable to confront the imperial monarchy. The first is the capitulation of the government to the Vatican. The second eventuality is the succumbing of the government to the designs of certain military groups to launch a program for the political conquest of Morocco. This would be most unpopular with the people, as it would involve the calling out of the reservists from their homes, with the inevitable result of anti-monarchical outbreaks similar to those that occurred at Barcelona a year ago.

**AMUSEMENT NOTES.**

**"The Blue Mouse" Was by Clyde Fitch. Barre Opera House Tuesday.**

Clyde Fitch, the playwright, has turned naturalist. While in Germany he captured a mischievous but somewhat soiled mouse. The habits of this strange yet amusing rodent were none too good. But once landed in New York, Mr. Fitch scrubbed the tiny beast, behold, it shone a delicate blue. With the playwright as preceptor, the rodent's habits also changed and now, as the American "Blue Mouse," E. J. Carpenter

SCENE FROM "THE BLUE MOUSE" At Barre Opera House, Tuesday, October 25.

will exhibit him as the purest example of an A. No. 1, 1910-111 sensation.

Being a playwright, Clyde Fitch naturally made an actor, or rather actress out of the mouse and he has named his latest play "The Blue Mouse," which, of course, is a farce as it could be nothing but a joke to turn an animal into a play. It is this "Blue Mouse," harmless but execrably funny, that comes to the opera house next Tuesday, Oct. 25, when that dainty little actress, Wanda Ludlow, will be seen as the same "Blue Mouse," for one must have already guessed that a rodent can't act. As a matter of fact there are no mice—not even a mouse—in the company for ladies are present.

At any rate, Miss Ludlow is "The Blue Mouse," who is a "Salome" dancer. For \$2,000 per month she agrees to impersonate the real Mrs. Rollett, whose husband, secretary to the president of a trolley line, wants to be made superintendent. The "Mouse" flirts with the president, who is fond of such things, and in this way earns her salary. Others are drawn into the tempest, all of which adds to the merriment of the audience. There are three acts of genuine, heavy-hearted farce.

Canada to Hunt Balloons.

**Aero Club of St. Louis Alarmed for Three Air Racers.**

St. Louis, Oct. 22.—Alarmed at the prolonged silence of three balloon pilots and their aids, who left here Monday in the international race, the Aero club of St. Louis yesterday asked the Canadian government to begin a hunt for them. It is believed that the balloons landed Wednesday night and that the occupants of the three balloons are in distress in the forests of Canada.

The appeals for assistance were addressed to Lieut. Gov. J. M. Gibson of Toronto at Quebec. The Hudson Bay company with headquarters at Montreal, was also asked to begin a search for the aeronauts.

Three balloonists are as yet unreported. They are the America II, Aurora, a Swiss entry, and Dusseldorf II, a German entry.

The German landed Thursday, 30 miles from Halleybury, Ont. according to yesterday's message. Col. Theodor Schack, in the Helvetia landed Thursday evening at the same place the German is reported to have come to the earth.

**MacVeagh and Andrew Consider Plans for Starting System.**

Washington, Oct. 22.—Secretary of the Treasury MacVeagh and Assistant Secretary Andrew conferred yesterday concerning postal savings bank plans. The trustees—Mr. MacVeagh, Attorney-General Wickersham and Postmaster-General Hitchcock—will meet in a day or two to consider committee reports on the working details. The treasury officials are working out the plans steadily, but slowly, owing to a desire to safeguard against any defects in a scheme of such magnitude where more than 600,000 post offices and perhaps 15,000,000 depositors may be affected. They have these figures on the work in other well-saved countries, as in England, where the latest reports showed 11,000,000 odd depositors.

**REMARKABLE RECORD**

**Flesh-forming Food That Succeeds Nearly Every Time.**

A man or woman might as well starve outright as to take food into the stomach and not have it assimilated, yet in Barre, as well as in every other town and city, there are many people who are thin, pale and seem underfed, simply because the food they eat is not assimilated, and fails to make good blood and firm flesh.

Samose, the wonderful flesh-forming food, taken before or after meals, mingled with the food, so that it is assimilated by the system and makes rich blood and pleasing plumpness. No one can use it for a week or ten days without a noticeable gain in weight. Statistics show that out of every one hundred people who commence the use of Samose, 98 will find a full gain in weight and restoration of health and strength. Anyone who is thin, weak, scrawny and emaciated can put 50c on deposit with D. F. Davis and take home a box of Samose. If the treatment does not give a noticeable increase in good, firm flesh and restore strength and health, he will return the money without any question.
